

Cochlear implantation: long-term issues - access and management

with the **European Association
of Cochlear Implant Users (EURO-CIU)**

Friday 20 April 2007

from 10am – 4.00pm

At The National College for School Leadership, Nottingham

The National Cochlear Implant Users' Association in the UK (NCIUA), the Cochlear Implanted Children's Support Group (CICS) and The Ear Foundation are proud to be jointly hosting the biennial conference of the European Association of Cochlear Implant Users (EURO-CIU) on Friday 20 April 2007 at the UK's National College for School Leadership in Nottingham.

The Symposium's subject is to be "Cochlear implantation: long-term issues – access and management", and it should cover many frequently asked questions – such as equity of access to cochlear implantation in different parts of the UK and Europe, access to bilateral cochlear implantation, and reliability of the cochlear implants.

We are covering an important and timely subject, and the conference will be appropriate to professionals working with cochlear implant users, as well as cochlear implant users themselves and parents of cochlear implant users.

The Programme includes many internationally-renowned speakers – such as Professor Quentin Summerfield, Professor Gerry O'Donoghue, Dr Lorraine Gailey, Sue Archbold and Liz Beadle from the UK; and Geoff Plant from the USA. This will be a truly international event with other speakers being Dr Volkmar Kratzsch (Germany), Dr Monika Lehnhardt (Germany), Ann-Charlotte Gyllenram, parent of a cochlear implant user (Sweden) and cochlear implant users Gilles Cognat (France) and Dr Ruud van Hardeveld (Netherlands).

Although the conference language will be English, simultaneous translation will be available into German, French and Spanish. Palantype will be provided in English. British Sign Language will be available on request by Friday 6 April 2007 .

Registration Fee: £125, including lunch and refreshments.

Special terms are available for members of all organisations affiliated to EURO-CIU.
